me: okay, sending next week's column now
me: or, if you want to run it as a feature in order to strike while the iron is hot
me: feel free to do so
BushwickBK.com: I'm hesitant to do so, I think it's ok to wait
me: why hesitant?
BushwickBK.com: I just don't think it's that urgent, for one
BushwickBK.com: and also, I told that stupid douche with the shitty big words that I didn't feel the need to defend or balance your column
BushwickBK.com: running a "special" piece would seem a little desperate
BushwickBK.com: I'll think about it, maybe Im being stupid
me: whatever you want to do, although I don't think this particular follow-up is going to smack of conciliatory desperation
BushwickBK.com: ok, I'll sleep on it
BushwickBK.com: also apparently they think pro alt is this trey parasuco/steve lam character
BushwickBK.com: which suits me fine
me: they don't really think that, they're just intellectually dishonest
me: it's perfectly obvious from a glance at your comment history that you're a different person
BushwickBK.com: I think that too, but maybe they don't want to do the work to check
BushwickBK.com: OR
BushwickBK.com: yes
BushwickBK.com: actually they wouldn't have forgotten that they were my budies on that brazilian douchebag's chic profile
BushwickBK.com: eh fuck it I'll run it tomorrow morning
me: just sent you a revised version with a couple of linguistic tweaks
BushwickBK.com: ok
